

GRANT DEVELOPMENT SERVICES

Stronger funding decisions. Credible proposals. Sustainable systems.

JCM Solutions Group helps organizations develop fundable programs, credible proposals, and the systems needed to implement and report on what they promise.

Our work connects funding strategy with program design, community needs and data, implementation feasibility, evaluation, budgets, performance measures, reporting, partner accountability, and internal grant-development processes.

CORE GRANT DEVELOPMENT SERVICES Select the level of support that matches your opportunity and organizational capacity.

1. Grant Readiness & Strategy Starting at \$1,200

Determine whether an opportunity is the right fit—and what it will take to pursue it effectively.

SERVICES MAY INCLUDE

- Detailed RFP or funding-opportunity analysis
- Go/No-Go assessment based on fit, eligibility, capacity, timing, and competitiveness
- Grant strategy session with leadership and key staff
- Evidence, data, partnership, and information-gap review
- Proposal work plan with responsibilities, deadlines, and required inputs

BEST FOR

Organizations that have identified a funding opportunity but need help assessing fit, readiness, competitiveness, and the path forward.

PRACTICAL OUTCOME

A clear pursuit decision and a practical, organized plan for developing the proposal.

This is a comprehensive readiness and pursuit-planning engagement—not simply an RFP review.

2. Grant Proposal Development Starting at \$3,500

Transform organizational knowledge and program expertise into a clear, funder-aligned proposal.

SERVICES MAY INCLUDE

- Proposal architecture, outline, and response framework
- Narrative development aligned with funder priorities and scoring criteria
- Integration of organizational information, community needs, data, evidence, and partnerships
- Alignment of activities, staffing, timelines, outcomes, and evaluation measures
- Budget-to-narrative alignment, rubric review, and final compliance review

BEST FOR

Organizations that need structured, hands-on support developing a complete proposal or substantially strengthening an application in progress.

PRACTICAL OUTCOME

A cohesive, submission-ready proposal that clearly communicates the need, approach, capacity, and intended results.

Scope and pricing depend on complexity, timeline, and available source materials. Government, federal, multi-partner, and highly technical applications are priced separately.

3. Grant Development Partnership Starting at \$4,000/month | Three-month minimum

Build a consistent, strategic grant-development function without hiring a full-time grant professional.

SERVICES MAY INCLUDE

- Ongoing grant pipeline research, screening, and prioritization
- Monthly grant strategy and planning meetings
- Proposal development and review support
- Grant calendar development and deadline management
- AI-assisted workflow implementation, staff coaching, templates, and process improvement
- Coordination of proposal inputs, partner roles, and internal responsibilities

BEST FOR

Organizations that need ongoing support managing opportunities, developing proposals, strengthening processes, and planning beyond the next deadline.

PRACTICAL OUTCOME

A proactive, repeatable grant-development process that reduces last-minute work and strengthens long-term organizational capacity.

Monthly scope is tailored to funding goals, anticipated proposal volume, internal capacity, and the level of support required.

WAYS TO GET STARTED

Focused entry services for organizations not yet ready for a full engagement.

Grant Opportunity Review
\$495

A focused assessment of one funding opportunity to help your organization decide whether and how to move forward.

- Review of one RFP or funding opportunity
- Preliminary Go/No-Go recommendation
- Major requirements, risks, and information gaps
- 60-minute strategy consultation and written action steps

Apply \$250 toward the Grant Readiness & Strategy package when contracted within 30 days.

Proposal Review
Foundation/corporate: from \$650 | Government/public funds: from \$1,250

Structured review and recommendations to strengthen an existing proposal draft before submission.

- One structured review round and written recommendations
- Assessment against the funder’s rubric or application requirements
- Consultation to discuss priority revisions and next steps

Review-only service. Full writing, extensive rewriting, and development of missing sections are separately scoped

Grant Pipeline Assessment
Local/private: \$750 | Expanded state/federal: \$1,250

A focused, realistic funding pipeline aligned with your mission, programs, geography, eligibility, and capacity.

- Targeted opportunity research and eligibility screening
- Fit scoring and readiness considerations
- Recommended pursuit order and practical next steps

The result is an actionable pipeline—not simply a list of grants.
